an evening with author

Diane W. Frankenstein

Diane Frankenstein, children's literature specialist educational consultant, and author of *READING TOGETHER, Everything You Need to Know to Raise a Child Who Loves to Read* will be in Hong Kong to share with parents and teachers, her simple equation on HOW to raise a child who loves to read.

In her award-winning book, Diane offers not only recommendations for what to read but provides a successful approach to raising children who love *what* they read by utilizing *conversational reading* - talking with children about the stories they read.

These conversations show children how to find meaning and pleasure in their reading and show parents how to connect with their children through conversations about books and real life concerns.
